

TEURLINGS

CATHOLIC HIGH SCHOOL

To Channel His Spirit for the glory of God

October 7, 2020

Dear Parents,

We returned to the A/B Hybrid schedule on Thursday, October 1, with full disclosure to and agreement with our Chancellor and the Office of Catholic Schools. The Administration and school nurse, Joelle Charpentier, have since completed a thorough analysis of every classroom and prepared a plan for all students to return in full.

Students will be socially distanced in each classroom. For a few classrooms not able to adequately distance all desks, we are either moving the class to a room that can accommodate the whole class or making arrangements for a set number of students to move to an alternate location on campus where they will view the class remotely. The students in those classes will rotate out each day and a different set of students will view remotely each class period. With the adjustments made, we now have socially distanced our students; so moving forward, we will not need to quarantine students through contact tracing if we are faced with any exposure to a positive case on campus.

This week we adjusted the lunch schedule to 30 minutes, which includes 15 minutes for students to eat in either the classroom or cafeteria and a 15-minute break outside. This limits the exposure to positive cases, negating the need for students to be quarantined through contact tracing.

On Thursday, October 15, TCHS will return to the rotating schedule format, beginning with 1,2,3,4,5, as approved by the Chancellor.

If you have any questions, please contact me at mboyer@tchs.net.

Sincerely,

A handwritten signature in black ink that reads "Michael H. Boyer".
