

Pro-Life Pilgrimage Reflection

Written by Ruthie Melancon, 12th grade

In January I had the opportunity to attend the Pro-Life pilgrimage in Washington, DC and was such an amazing experience. During the pilgrimage we attended Mass every day. We even had the chance to celebrate Mass and adoration one night in our hotel.

We attended the Vigil Mass for the National Right to Life Mass at the Basilica of the National Shrine. The church was filled with people, with not an empty seat. Some people were even sitting on the floor. I had never seen a church that packed before! This Mass was about two hours long, but I enjoyed every second of it.

My favorite part of the trip was the actual March for Life. This march was so amazing because there were thousands of people marching all for the same cause, and it really touched my heart. Seeing so many people our age marching for the same cause, to protect all life, was amazing. This pilgrimage was amazing and I felt such a sense of hope after the March for Life! There were so many opportunities for spiritual growth and personal encounters with Jesus.

I am so glad I decided to attend this pilgrimage because so many things were put into perspective for me. I now have a deeper relationship with Christ because of this pilgrimage I never knew was possible. This pilgrimage was such an incredible experience, one I will never forget!
